Hi Marion.

I left voice mail messages for Mike Metzger and William Donovan. I think Mike Metzger may be out of the office and I am not sure about William. It looked like William Donovan was online earlier, so I also sent him an email bringing my voice mail to his attention.

Thanks.

Mike

Thanks Marion

We also may want to ask HED to run some what-if analyses.

Ex. 5 Deliberative Process (DP)

Just thinking that while HED is conducting this run it may be good to do some of these others if possible.

Mike,

I just left word with Mike via voicemail; I'll let you know as soon as I hear back. Previously, Will and Mike have said that it will only take them a couple of days to run the numbers and get back to us, but I would prefer to defer to them for a more accurate date.

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP) so, I'm hoping to hear something back very shortly. I'll keep you apprised.

Importance: High

Mike,

Okay, let me get on the phone with Metzger right away. I talked earlier with Mark Suarez today, and we have the BEAD inputs (50 – 70% PCT for oranges) to have HED (i.e., Will Donovan) run the new dietary numbers. I'll also talk with Metzger regarding any potential refinements of the dietary, as previously discussed.

Marion

I really need a schedule on when we expect results from the analysis. They keep coming back. Please let me know soon when I can expect a timeline.

I have asked that we not have the call with them until next week, but it may be early next week.

Aldicarb Team- thanks for the Aldicarb update call with House Ag (min) staff last month. House Ag majority now requests an update. Based on the value of the exchange last month- it seems like a call would be best. Availability tomorrow or next week? Thanks,
Sven

Aldicarb team – Jeremy would like to do the call on Mon, Sept 9 at 3:30pm. I'll send a scheduler with call in number and plan to come to PY for the call. The purpose of the call, as provided by the requester, is to follow up on what the committee is hearing from growers regarding the status of the aldicarb application for use on citrus – see below.

Please let me know if any questions. Thanks,

Sven

Inquiry on Aldicarb

Thanks for this, Sven.

I've also reached out to the registrant with questions. I understand there is a desire to push that PRIA date up so that a decision could be made in time for growers to plan for the 2020 growing season. Understand that it still has to go

through the process
and evaluation, but I
know it would benefit
the growers to have
an answer sooner,
whether it's a
registration approval
or denial so that folks
can look for other
options. What would
it take to move the
PRIA date up to the
end of this year?

-Jeremy
